# SPATIAL CONSULTANTS

[www.spatialconsultants.com](http://www.spatialconsultants.com)

**Spatial Consultants** is an Information Management consulting practice with renowned expertise in the convergence of Geographic Information Systems (GIS) and Enterprise Architecture.

Head-quartered on the edge of the Lake District National Park in Cumbria and with offices in Reading, our consultants have developed an international reputation through designing and developing geospatial solutions throughout the world for more than 20 years.

The company is vendor neutral and maintains in-depth expertise in all major GIS suites (including ESRI ArcGIS, MapInfo, Smallworld, Oracle Spatial, FME, I Spatial, Autodesk, etc.) as well as mainstream IT platforms, integration technologies, and consulting and solution development practices.

**Our services** enable organisations to use the locational aspect of their information to ultimately improve the effectiveness and efficiency of their operations.

We provide a broad range of services covering information management, data collection and migration, geospatial data editing, metadata, spatial data infrastructures, process improvement and geographic analysis.
